

Agricultural Crown Lands for Rent

GENERAL INFORMATION

1. Alongside some of the land descriptions is the abbreviation (IMPS). This denotes that there are improvements on the parcel such as fences, forage stands, dugouts, corrals, etc., which must be purchased by the successful applicant. Information as to their value can be obtained by contacting Manitoba Agriculture Farm Production Advisors, Crown Lands Offices.
2. "A.U.M." means animal unit month, which is the amount of forage required to feed one mature 1,000 pound cow, with or without calf at foot, for one month while maintaining the vegetative stand on the leased lands in good condition.

The number divided by four (4) would give you the number of animals which it is estimated can be grazed for the full grazing season. For example, if the A.U.M. is shown as 40, then it is estimated ten (10) animals could be grazed for the full grazing season.
3. Rentals will vary from year to year in accordance with regulations under The Crown Lands Act.
4. Lands to be held under Forage Lease or Renewable Permit will be allocated in accordance with the Allocation of Crown Lands under Agricultural Forage Leases & Renewable Permits Policy.
5. If you are interested in renting any of the lands, please contact the Manitoba Agriculture Farm Production Advisor, Crown Lands Office for your area. There is a list of offices on the last page. You may also visit the Manitoba Agriculture website at:
<http://www.gov.mb.ca/agriculture/contact/index.html>
6. A complete listing of lands available for rent is also available online at:
www.clp.gov.mb.ca/leases_and_permits/properties.html
7. **CLOSING DATE FOR APPLICATION FOR FORAGE LEASE AND/OR RENEWABLE PERMIT IS
Friday, November 18, 2016**

(A) The lands listed hereunder are available for hay and/or grazing under **FORAGE LEASE** and will be allocated as per Policy.
